

TURNKEY SOLUTIONS FOR ATM DEPLOYMENT, TCR INSTALLATION AND BRAND SIGNAGE.

With over 50 years of combined expertise, ACG's Red Diamond Division stands out as a leader in turnkey installation services, offering tailored solutions to meet the unique needs of every customer. Our team specializes in comprehensive project management for ATM deployment, TCR installation, and brand signage, ensuring seamless execution from start to finish.

“We Make It Easy”, by providing expertise in:

■ Nationwide Rigging:

We partner with you to provide expert installation of ATMs, Teller Cash Recyclers (TCRs), and signage, delivering compliant, reliable solutions tailored to meet your institution's needs nationwide.

■ Project Management:

Our expert team handles every aspect of your project, ensuring timely and efficient completion.

■ Site Surveys:

We conduct detailed site surveys to ensure optimal placement and functionality of your ATMs. Our site surveys also include ADA compliance.

■ Shipping & Receiving:

Our logistics team coordinates shipping and receiving to streamline your project timeline.

■ Nationwide Warehousing:

With a network of warehouses across the country, we provide reliable storage solutions.

■ Inventory Management:

Our robust, online inventory management system keeps track of all your assets in real time, ensuring nothing gets lost in the process. It is available through our customer portal providing you with 24x7 visibility of every detail, including model type and warehouse.

■ PCI Compliance:

We follow all PCI compliance standards.

■ Site Construction:

From site preparation to final construction, we manage all aspects of site development as it relates to your ATMs and Night Depositories.

■ Branch Closures:

We offer seamless support for branch closures, including technology equipment, furniture and fixtures, and site remediation related to ATM and Night Depository wall closures.

■ Special Projects:

Our team is equipped to handle any special projects, delivering customized solutions to meet your specific needs.
